

A heatmap visualization of a 4x4 matrix. The rows and columns are labeled 'Arch', 'Left', 'Right', and 'Whorl'. The cells are colored in shades of blue, with darker blue indicating higher values. The diagonal elements (Arch-Arch, Left-Left, Right-Right, Whorl-Whorl) are the most prominent, with values 771, 363, 370, and 395 respectively. The off-diagonal elements are generally lower, with some zeros.

Arch	771	11	18	0
Left	36	363	0	1
Right	29	0	370	1
Whorl	1	1	3	395
